

## Letter of Recommendation

I am honored to write a letter of recommendation for Newsome Construction Inc. regarding the ability and trustworthiness of its construction works. When the building committee members of HIBC (Hanmaum International Baptist Church) and I met with Mr. Dwight Newsome to discuss the plan of building a new worship place for HIBC, Dwight introduced to us an unfamiliar concept of 'turn-key.' Later, when all construction works of the worship building were successfully completed, I realized that the turn-key method was one of the best ways to build a new building.

All I had to do was to give Dwight a basic idea of what my church needed, and Dwight took care of almost everything else including design, civil engineering, city-related works, and most importantly, the construction itself. Newsome Company started construction from the day after the ground breaking, which was the first day of November, 2016, and finished everything on the last day of May, 2017, keeping the promise of both the period and the price.

Newsome Company has proven to me and my church its integrity, faithfulness, and excellency during the construction. I highly recommend Newsome Construction Company to anyone who is considering a new building project. I thank God for His guidance in meeting this wonderful company.

Sincerely,

  
Dr. Jongsu Heo  
Pastor of HIBC
