

M&M Manufacturing Company

FORT WORTH * DALLAS * HOUSTON * WICHITA FALLS

November 24, 2003

Mr. Dwight Newsome
Newsome Construction, Inc.
P. O. Box 937
Burlleson, TX 76097

Dear Dwight:

We have effectively moved into the 44,000 sq. ft. add-on to our Houston plant and have already seen the benefits of the additional space to our manufacturing efficiencies.

We are very happy with this new facility and with the role that you and your company played during the construction. We are confident that we received an excellent product at a competitive price and, in addition, excellent service and cooperation during the construction process. Your cooperative effort and your attention to detail reduced construction add-on problems and facilitated our utilization of the new structure.

Dwight, as you know, I have been involved in a dozen or more construction projects for M & M Manufacturing Company during the past 40 years. This Houston project was by far the most professional and successful.

Sincerely,

R. D. Stepp
President
